

mail_license_status_format

Synopsis

```
supervisor_license_status_format = file
```

File defines the format to use when sending warning mail about expiring licenses.

Example

```
mail_license_status_format = /etc/license.mail
```

Defaults

- Linux & OS X: /usr/local/pfx/qube/etc/license.mail
- Windows: C:\Program Files\pfx\qube\etc\license.mail
